1. Slide your Samsung Galaxy Nexus into the FOV2GO. The slots in the face panel will interlock with the tabs from the side panels.

2. Fold the side flaps back and the top flap forward.

3. Take a pen and carefully crush the specified fold lines to make folding easier.

4. Affix stickers to the indicated areas to hold your FOV2GO together.

5. Slide your Samsung Galaxy Nexus into the FOV2GO.

6. Warning: Cover lenses when outside. Magnified sunlight can damage your phone.
